What's Hot !!

Silent evidence : inside the police search for Ben and Olivia. It was every parent's nightmare, and a sad awakening to the fact that even in an idyllic place as the Marlborough Sounds tragedy and evil could occur with the disappearance of Ben Smart, and Olivia Hope. Journalist John Goulter followed the case from its early stages, he found there was an untold story going on behind the headlines. *Silent evidence* is that story.

Chris Ryan, former SAS member and best selling author of *The one that got away*, now brings you his latest novel ... *The hit list*. When Robert Maxwell is assassinated at sea by an unknown agency, it can only be a matter of time before the dark secret at the heart of the British Establishment is exposed to the light of the day.
